

MEMORIAL HALL RENOVATION
Indian Steele Park, Phoenix, Arizona

This multi phased project consists of interior and exterior renovation of the 1922 Memorial Hall for use as a multi functional assembly space, auditorium, and performing arts center.

The scope of work featured:

Installation of new mechanical, plumbing, electrical, and fire sprinkler systems.

New elevator system.

Major structural repairs to the first and second floor framing.

Construction of ADA conforming restrooms and other mandated accessibility features.

Stage lighting and audio visual systems.

Restoration of important historic character-defining elements.
